OUR IMPACT IN 2022

CHILDREN SERVED BY COUNTY IN 2022

WHY IT'S IMPORTANT

Children who are read to regularly and early in life are better prepared for school. Ninety percent of physical brain development occurs in the first three years of life, when a baby forms more than one million new neural connections per second. Those early years are a critical window of opportunity for learning words and language.

OVER THE YEARS

**Read, Baby Read! volunteers read to infants and toddlers at various early learning centers throughout Nashville on a weekly basis.*
