SPEAKER BIOS

KEVIN HEATH

Kevin has over 20 years of experience providing tax consulting, accounting, and compliance services to an array of clients in multiple industries. Kevin serves as the Tax Account Leader for various public and private companies with significant experience working with companies in the health sector. Kevin serves both public and private companies with the objective to bring the best client service experience and value to each of his clients. Kevin also serves in an advisory capacity advising on matters impacting for-profit health providers to EY account teams across the US.

Kevin oversees EY's delivery of tax advisory services to his clients, including: cross-border acquisitions and divestitures, internal restructurings and reorganizations to achieve cash tax savings and/or reduced effective tax rates, IPO ("up-C") transactions, calculating and reviewing tax attributes and corresponding limitations, tax controversy consultations, and evaluations of tax accounting methods for cash tax planning opportunities and/or reduce tax exposures.

Kevin regularly speaks at CPE events for both clients and within EY on various topics including: tax legislation, ASC 740, and SEC/FASB updates.
